develop strategies for polite communication. Learn how to work with others, including working in teams or managing conflict.

English Communication Skills for Engineers | Udemy

It is rather difficult to decide what English to teach to engineers. First of all, “engineer” has two rather distinct meanings, one of which is close to “technician” or “mechanic” (e.g. a photocopier repair engineer) and another which is closer to “designer”. The needs of these two groups are likely to be different, but there are also people whose jobs and training fall somewhere in the middle.
