George Friedman The Next Decade

The Next Decade is a 2010 book by George Friedman, who addresses the United States' relationships with other countries and the state of the world in general throughout the 2010s. The main theme of the book is how the American administrations of the 2010s will need to create regional power balances, some of which have been disturbed. Friedman conceptualizes America's successful management of world affairs not by directly enforcing countries, but by creating competing relationships, which offset o

The Next Decade (book) - Wikipedia

GEORGE FRIEDMAN is founder and chairman of Geopolitical Futures, which specializes in geopolitical forecasting. Prior to 2015, Friedman was chairman of the global intelligence company Stratfor, which he founded in 1996. Friedman is the author of six books, including the New York Times bestsellers The Next 100 Years and The Next Decade. He is a senior advisor to Gallup, Inc.

The Next Decade: Empire and Republic in a Changing World ...

In fact, I'm not sure it's happened apart from George Friedman books. After the acclaim heaped on his book The Next 100 years Friedman, felt compelled to write one that focused more on the short term. This is how he gives us The Next Decade. Again, I'm astonished by Friedman's ability to extract the signal from the noise.

The Next Decade: What the World Will Look Like by George ...

Mr. Friedman brings this book to a close by summarizing that this decade will be one of recovery and transition. Recovery from the relative devastation of the Great Recession (with housing values returning to historic norms) and from the eight years of combat operations in Iraq and Afghanistan.

George Friedman, Author at Geopolitical Futures

"The Next Decade" is a provocative book. Political Science is an oxymoron but George Friedman, a Political Science Ph.D., rivals Niccolò Machiavelli (1469-1527) in his cynical assessment of world politics in the 21st century. Friedman suggests that this is the age of American empire.
