Guitar Plans

Solera. This solera is made from an 18mm thick board of MDF glued to an 18mm thick board of plywood and then another of 12mm MDF. This makes it more stable. Extra stability is provided by the timber battens screwed underneath. These can be removed while clamping on the strutting etc, but are in place when gluing on the back - it is important to make sure the neck angle is correct at this stage.
