Most colleges and universities are nonprofit entities. State universities and community colleges are usually (if not always) nonprofit. Many private colleges are also nonprofit. A non-profit college or university charges you tuition. Then they spend the money you give them on educating you.

### Difference Between For-Profit Colleges and Nonprofit Colleges

Consumers have learned to trust nonprofit and public colleges, for good reason: nonprofit schools have been generally devoid of the predatory behavior that has plagued for-profit colleges. But that trust can be violated if colleges purport to be nonprofit but have not actually adopted the requisite financial controls that reduce the incentive to take advantage of poorly informed consumers.

### These Colleges Say They're Nonprofit—But Are They?

While for-profit colleges are technically private companies, the phrase private school typically refers to an institution that is both not-for-profit and tax exempt. By contrast to public colleges and universities, private non-profit schools draw less funding from state and federal coffers.
