This template contains  
a title page, copyright  
page, table of  
contents, chapter  
pages, and an index.

## **Professional manual**

The user manual

# Read Free User Manual Example Software File Type

should be largely task-oriented, rather than heavily descriptive. Because the manual is written to help users understand how to execute specific tasks, the writer needs to have an understanding of those tasks as well, and as a result, going through each discrete step of each feature is absolutely essential.
